Supported Connections

Getting Started with Your Invitation

1. Get the free app

On iPhone, open the App Store.

On Android, open Google Play.

Search for **Supported Connections** and install it.

2. Use your invitation

Tap the link in your invitation email. If a web page opens, tap **Open Supported Connections**.

Or open the app. On **Sign in**, tap **Use an invitation**. Type your four words with spaces between them.

Enter the email address on your invitation. Tap **Check invitation**.

3. Create your password

Use at least 12 characters. Include a capital letter, a lowercase letter, a number and a symbol (like !).

Type your password twice. Tap **Create my account**. Then tap **Sign in and set up my profile**.

You can ask someone you trust for help. Keep your password private.
